GRANDSTREAM

GRANDSTREAM GRP2615

Περιγραφή

Grandstream GRP2615 is a high-end carrier-grade IP phone designed with zero-touch provisioning for mass deployment & easy management. Supports 10 lines & up to 16 SIP accounts while featuring a sleek design & a suite of next-generation features including integrated Wi-Fi, Bluetooth support, 40 multi-purpose keys (MPKs), an available extension module, dual Gigabit ports & more. Also features a large 4.3 inch color LCD with swappable face plates to allow for easy logo customization. The GRP series includes carrier-grade security features to provide enterprise-level security, including secure boot, dual firmware images & encrypted data storage. For cloud provisioning & centralized management, the GRP2615 is supported by Grandstream's Device Management System (GDMS), which provides a centralized interface to configure, provision, manage & monitor deployments of Grandstream endpoints. Built for the needs of busy desktop workers & designed for easy deployment by enterprises, service providers & other high volume markets, the GRP2615 offers an easy-to-use & easy-to-deploy voice platform.
