UBIQUITI

UNIFI UAP-AC-IN WALL PRO

Περιγραφή

UBNT-UAP-AC-IW-PRO is ideal for use in rooms/offices, in all places using the wall to install the device. The UniFi AC In-Wall AP transforms an Ethernet wall connection into a dual-band 802.11AC 3x3 MIMO 450 Mbps and 802.11N 3x3 MIMO 1300 Mbps Wi-Fi Access Point. It features 3x Gigabit Ethernet ports, one of which delivers PoE to power and connect an 802.3af device to the network. The UniFi AC In-Wall AP PRO provides simultaneous, dual-band, 2x2 MIMO technology and is available in single- and five-packs

Virtual UniFi Controller software interface (no expensive WiFi hardware controller/switch needed)

Highly intuitive setup and configuration with many powerful features (no special training needed)

Scalable to hundreds of devices while maintaining a single unified management system
