ALCATEL CONFERENCE IP1850

ΓΕΝΙΚΟΣ ΚΑΤΑΣΚΕΥΑΣΤΗΣ

ALCATEL CONFERENCE IP1850

Περιγραφή

Alcatel Conference IP1850 is the perfect audio conferencing phone to equip any medium to small meeting room or office. Includes 4 integrated detachable DECT microphones that optimize, cost-efficiently, the coverage of your conference system & allows perfect intelligibility for each & every participant. Also delivers HD - Wideband Audio quality for crystal-clear conversations & Full Duplex technology. Furthermore, its USB port enables you to experience clear & productive Skype for Business™ & mobile conference calls by connecting the Alcatel IP1550 Conference to your PC or to your Bluetooth™ enabled mobile phone. The Alcatel Conference IP1550 offers worry-free installation through its free redirection service, called APRT, allowing Alcatel IP phones, including IP audio conferencing solutions to properly work once set up. All the configuration is done prior to the installation. Finally supports wide interoperability ensuring seamless integration with most IP PBX & VoIP providers.
